INVITATION

The Organizing Committee of the VIII Symposium on Hydrogen, Fuel Cells and Advanced Batteries - HYCELTEC 2022 has the pleasure of inviting you to come to Buenos Aires (Argentina) to participate in this meeting that will be held on July 11-14, 2022, at the Faculty of Exact and Natural Sciences of the University of Buenos Aires (UBA). OUR AIM IS TO HAVE AN IN-PERSON MEETING IF PANDEMIC CONDITIONS ALLOW IT.

The HYCELTEC Symposium series started in 2008, in Bilbao-Spain, and continued in Vila-Real - Portugal (2009), Zaragoza - Spain (2011), Estoril - Portugal (2013), Tenerife - Spain (2015), Porto – Portugal (2017), and Barcelona – Spain (2019). The 2022 edition hosted in Buenos Aires, will be the first outside the Iberian region. HYCELTEC 2022 is supported by the International Association for Hydrogen Energy (IAHE) and, as usual, selected papers will be published in a special issue of the International Journal of Hydrogen Energy and at the open-access journal Materials for Renewable and Sustainable Energy.

REGISTRATION FEES*

<table>
<thead>
<tr>
<th>Participant</th>
<th>Until June 30</th>
<th>After June 30</th>
</tr>
</thead>
<tbody>
<tr>
<td>Academia</td>
<td>U$S 560</td>
<td>U$S 670</td>
</tr>
<tr>
<td>Industry</td>
<td>U$S 670</td>
<td>U$S 800</td>
</tr>
<tr>
<td>Students</td>
<td>U$S 330</td>
<td>U$S 400</td>
</tr>
<tr>
<td>Accompanying person</td>
<td></td>
<td>U$S 150</td>
</tr>
</tbody>
</table>

*Include: congress attendance, online attendance certificate, welcome reception, coffee breaks, lunches and gala dinner. The announcement for registration payment will be made as soon as the in-person meeting be confirmed (no later than May 31, 2022).

SCOPE

The COP26 Climate Conference in Glasgow resulted in the completion of the Paris Agreement rulebook and kept the Paris targets alive, giving us a chance of limiting global warming to 1.5°C, but it was far from enough, experts say. There is a strong feeling of urgency for moving towards carbon-free forms of energy, namely to renewable sources. HYCELTEC 2022 will be an international and interdisciplinary forum for discussion of topics related to fuel cells, hydrogen and batteries science and technology that are part of the great worldwide endeavor to make the energy from renewable sources economically competitive.

The event aims at bringing together scientists from academic research, applied research and industry, with common and complementary R&D interests. Decision makers from companies and governments are also welcomed.

We aim that this event will contribute to reinforce collaborations among groups and to initiate new ones. The scientific program will feature plenary lectures by distinguished researchers, keynote lectures, oral and panel presentations. The oral sessions will be organized according to selected topics, each one introduced by a keynote lecture.

IMPORTANT DATES

- March 31, 2022: Deadline for Abstract Submission
- May 15, 2022: Abstract Acceptance Notification
- May 31, 2022: Start of registration payment in case of an In-person Meeting
- June 15, 2022: Deadline for Later Abstract Submission (posters only)
- June 30, 2022: Deadline for Early Bird Registration
